[Intro]

Teddy bears don't need hearts as they are already
stuffed with love.

[Verse 1]

Look at you, beautiful eyes, beautiful smile,
Come here 'cause I havn't seen you for a while,
You're my soulmate, my one and only,
Kiss me, touch me, squeeze me and hold me,
Dey, you know me, I'm not your homie,
I'm your babyboy and you're my babygirl who brings
me all the joy,
I'm always ready to chase away your bad dreams
'cause I'm your teddy,
When I look into your eyes, I see the passion,
And I can still feel our hearts colliding and crashing,
When I look into your eyes, I see the passion,
Because both of ours have a strong attraction,
Dey, I'm so into you,
I'm in need of you, L.O.V.E. 'cause our love is true,
Don't be afraid, show me all your emotions,
I speak the truth on every word spoken.

[Chorus x2]

I really like what you've done to me,
I can't really explain it, I'm so into you.

[Verse 2]

Hold my hand, you'll feel it's warm,
If you're cold, I'll wrap you with my arms,
I'll dodge a bullet 'cause our love's the fullest,
I can keep a secret, I'm not that foolish,
You're like an angel, God sended you to me,
I hope it's all true, please never leave me,
Stay happy, I never wanna see you cry,
If it happens, I'll wipe the tears off your eyes,
Let's watch hockey, the habs are winning by four,
Forget Kovy, Romy's the one who's gonna score.

You look so cute when I make you blush,
I wanna enjoy this moment, I'm not in a rush.
I'll listen to you when you need to speak your mind,
I'll hold you tight and never let you go 'cause I know
you're mine,
Everytime you make me smile, you reveal my dimples,
Our love is something that no one can handle.

[Chorus x2]

I really like what you've done to me,
I can't really explain it, I'm so into you.

[Verse 3]

Smile if you want me, laugh when I'm funny,
Call me if you're lonely, say that you love me,
Rub your hands if you're waiting for a hug,
Then I'll open my arms to spread some love,
Bite your lips if you're looking for a kiss,
Show me a sign and I'll give you what you wish,
Come give me a hug, come squeeze your teddybear,
No need to let me go, you can take me everywhere,
Everytime I make you blush, it makes me happy,
And I'm always joyful everytime we're laughing,
We can watch the sunrise while I hold you by my side,
Or we can dream the same dream as we sleep at night,
You're a cute little bunny, smiling and always funny,
Sunshine very sunny, you're your teddy bear's honey,
March 25th, 2009,
The day we officially connected both of our lives,

[Chorus x4]

I really like what you've done to me,
I can't really explain it, I'm so into you.
