[Chorus: Woman]

And if I ever (ever fall) In love (again) again
I will be sure that the lady is a friend
And if I ever (ever fall) In love (so true) so true
I will be sure that the lady's just like you.

[Verse 1]

Babygirl, I love you so much with my heart,
But when you hurt my feelings, you tear it apart,
We'll never argue, it's something we won't start,
You know you smart, you'll always be here 4 me, you'll
never depart,
You know I'll never let you fall into tears and make you
cry,
I'll never lie, I'll never have an alibi,
If we screamin' at each other, there's no reason for a
fight,
I'll still protect you with my arm wrapped round you
everynight,
I'm not the kind of person who leaves you after sex,
What's best, is that I'm blessed with you and there's no
next,
You can cry on my chest, you can cry on my shoulders,
I am your bulletproof vest, I am your soldier,
I'm always there for you, day in and day out,
Instead of stayin' in, now you want me to stay out,
I'll always be lovin' you, hate it or love it,
Now your walking out the door and I can't do nothing
about it.

[Chorus: Woman]

And if I ever (ever fall) In love (again) again
I will be sure that the lady is a friend
And if I ever (ever fall) In love (so true) so true
I will be sure that the lady's just like you.

[Verse 2]

I'll open the doors for you, ladies first,
I'll go run after the fool, who grabs your purse,
I don't mind if you walk in public in a skirt,
But i'll punch the face of the sucka who starts to flirt,
I trust you, you'll never backstab me like that,

And I know you'll never be talking behind my back,
We both know that together we want romance,
Don't think that I'm anotha playa trying to get in your pants,

You love me so much, I love you much,
You know you love kissing me when our lips touch,
You look so cute when I make you blush,
I wanna enjoy this moment, I'm not in a rush,
A little bit of this, a little bit of that,
One more big kiss, now let's step in the bath,
It's a magical night girl, let's make it right,
All night long, let's make love, all night long.

[Chorus: Woman]

And if I ever (ever fall) In love (again) again
I will be sure that the lady is a friend
And if I ever (ever fall) In love (so true) so true
I will be sure that the lady's just like you.

[Verse 3]

You have no idea how you complete my world,
I'm not ashamed to tell my friends that your my girl,
I'll walk with u on the streets holding your hand,
Fuck those people lookin at us, they don't understand,
What we have together is the most important,
We gotta enjoy every moment spent,
I still remember the 1st time I saw you,
I was so clumsy and dumb that I bumped into you,
Until this day you are my only true love,
I've always loved you, even when push came to shove,
I've never hit you once, I've never harmed you once,
We're so deep in love, we can never get enough
You know you beleive everything I just said
I'll always be loving you, even if u already left,
I'll keep thinking of you, until my last breath,
I just hope we be together and forever 'til death.

[Chorus:]

And if I ever (ever fall) In love (again) again
I will be sure that the lady is a friend
And if I ever (ever fall) In love (so true) so true
I will be sure that the lady's just like you.

Let the ladies know that i'm a good guy...
