[ Verse 1 ]

On this flow, I'm like a ghost,  
My body's missing my only soul,  
Invaded by a mysterious host,  
It's got my craving waiting the savoring of serious  
gore,  
I'm almost like Bateman, but less famous  
than a victim showcase placed in my basement,  
Maybe you're right though, I might be a psycho  
if I force you to take part in my Fright Show,  
My friend wouldn't leave me solemnly,  
So I ate his liver with some Fava Beans,  
Fuck Chianti, the blood of a female virgin  
quenches me when I'm thirsty,  
Quid pro quo, I'll let you know, what you demand,  
but first you gotta pass your hands, towards me,  
What is your wrong, you don't trust me?  
There's nothing weird, you shouldn't fear,  
I'm being myself when I'm this sincere,  
Without modesty, I can rid you from your misery with  
all honesty,  
When I'm on your block in front of your fence,  
have sense to make sure your entrance is locked,  
but if somebody knocks you shouldn't ignore,  
I suggest that you \*Open\* the \*Door\*

[ Chorus ]

I won't hesitate to decimate your face in any place,  
You'll be killed then grilled so shrill until your screams  
rise up to thrill me,  
Isn't it just so exciting, really frightening how deranged  
I could be?  
I don't suffer from no sickness, you are witnessin' live  
evil.

[ Verse 2 ]

If I were you, I wouldn't to start hatin'  
or complaining 'cause I'm Satan's seed,  
I was born in the flames, raised in the fire,

he sent me up sayin': "Make 'em bleed"  
I'll leave many traces of fingerprints,  
but none of them are mine only victim fingertips,  
Cops feelin' tense, you need evidence?  
Then investigate your closest hardware store,  
I learned from Ed, he's one of the best,  
Mastered every technique to turn in you a dress,  
I'll tear your heart out deeply from your chest,  
Then place it on my hat and wear it like a crest,  
I'll maul you down like an animal,  
Thrall you now, I'm a cannibal,  
It's too late now to say your prayers,  
Stop cryin', no one's gonna to save ya,  
Don't protest while I molest,  
Just sit and enjoy like your possessed,  
Made Jeffrey proudly happy, he's probably laughing  
loudly,  
You're my Corpse Bride, I love feelin' ya,  
Am I the only necrophilia?  
You know you got your darkness locked in the box, go  
find your key and come join me!

[ Chorus ]

I won't hesitate to decimate your face in any place,  
You'll be killed then grilled so shrill until your screams  
rise up to thrill me,  
Isn't it just so exciting, really frightening how deranged  
I could be?  
I don't suffer from no sickness, you are witnessin' live  
evil.

[ Verse 3 ]

Please come in with your court warrant,  
This is a warning, you're never leaving,  
Welcome to my world, you stepped in my darkness,  
Home's where the heart is, this'll be hardest  
bleeding pain you ever faced before while leaking  
from the wounds on your jugular veins,  
All this work got me entertained,  
as I thrust to bust a straight punch to your brain,  
From a distance, I run the system,  
I'll end your existence in an instant,  
My killing spree will never cease to end,  
I'm a beast unleashed with no regret,  
You can catch me in a neighborhood near you,  
If I see you, you're no longer safe,  
but if you manage to escape, I'll chase you down in the  
I.C.U.  
Silently enter your room quietly,

I'm frankly known to handle a scalpel deadly with art  
like Salvador Dali,  
I can hear your heartbeat ready to party,  
I treasure every single second of these moments;  
Murder, rape, fate, screaming in torment,  
What I do is my only choice,  
hold up, let me get my Polaroid.

[ Chorus ]

I won't hesitate to decimate your face in any place,  
You'll be killed then grilled so shrill until your screams  
rise up to thrill me,  
Isn't it just so exciting, really frightening how deranged  
I could be?  
I don't suffer from no sickness, you are witnessin' live  
evil.
