[Chorus x2]

To many hoes in this party,
I'm feelin kinda naughty,
I'm lookin' for the perfect hottie,
A sexy shawty with a perfect body.

[Verse 1: FlipBoy]

Nobody invited me to the afterparty,
So I invited myself like a g
Y'all won't even invite F.L.I.P or (KILLA-G)
Your killin me, so where are all the ladiez,
I see a fat bitch but that dont interest me,
But expect me talking to a girl next to me, to have sex
with me,
Look at that thang right thurr shakin' it,
Beautiful skank, she look like the perfect bitch,
I need a (B.I.T.C.H)
A girl who would invite her twin sis to do three-way,
If I foreplay, would you follow?
I wanna know, do you spit or swallow?
Would you like me to put my tounge down your
mouth?
Would you let me fuck ur pussy (IN & OUT)?
Don't worry this night will go well,
I'll fuck you straight up here, fuck the hotel!

[Chorus x2]

To many hoes in this party,
I'm feelin kinda naughty,
I'm lookin' for the perfect hottie,
A sexy shawty with a perfect body.

[Killa-G]

C'mon girl, your lips and eyes,
Go so well with your hips and thighs,
Babygirl, you don't beleive me,
But why should i lie?
If you don't like me, I deserve to die,
Babygirl may I hold your thigh?
You love me, I love you, it's all fine,
I atleast know you mine,
I love your body, your scent fo sho,

I spent my doh on that perfume fo sho,
And ye, of course, i'll buy you some more,
It's a party girl, dance on me,
Ye that's right, Killa-G,
Dance with FlipBoy, ye I said F.L.I.P,
Can't ya see? we both P.I.M.P's,
We fly, we cool, can't you see?
That's the reason I got them girls all over me,
Your ass shakin', now that's the key,
if you don't like me then don't hug me,
if you want me then come fuck me,
I know you lonely and if you don't like the party,
Well sorry honey, c'mon it's Killa-G, aha!

[FlipBoy]

Now I ain't lookin' for a nice girl or the right girl,
I'm lookin for a one night stand aight girls?
I got no time for relationships or friendships,
I catch you eyin' me, you got my attention,
Let me come over, let me offer you a beer,
Cheers, now drink on this shit til you can't see clear,
You got juicy lips and I got a juicy toungue,
Come to my room and slip on your gucci thong,
It's sunny in the morning and you moaning,
Talking' dirty, barely flirty, it's so early
I got no shame,
I wake up beside you and I dont even know your name.

[Chorus x2]

To many hoes in this party,
I'm feelin kinda naughty,
I'm lookin' for the perfect hottie,
A sexy shawty with a perfect body.
