Get get your ass up (yeah)  
And raise your glass up (yeah)  
If you feeling alright (yeah)  
Then we going all night (hey)  
We worked we struggled  
Our dues is paid  
We ride through trouble  
Go against the grain  
These highs these lows, this life we chose  
Some here some gone  
But we still stand right here strong  
My soldiers, my team  
Our future our dreams  
Don't hate us, we kings  
It's our time to shine, na mean (ay)  
It's like back to back  
Bicycles to bucket to the lac  
In the club with the bucket in the back  
Glass high clink clink, dap

### CHORUS

So lift your glasses high  
Up to the sky  
Another round for me and my friends  
It feels so good  
We living the life  
Cause all I need is me and my friends

I'm looking for a new friend  
Would you be my new friend  
Yeah we all need somebody  
You could be my club buddy  
I'm looking for a new friend  
Would you be my new friend  
Like the way I work my body  
I could be your club buddy

So get your ass up (yeah)  
And raise your glass up (yeah)  
If you felling alright (yeah)  
Then we going all night (hey)  
So get your ass up (yeah)

And raise your glass up (yeah)  
If you felling alright (yeah)  
Then we going all night (hey)

I came up in here just to chill  
And hang out with my friends  
You called me over now I'm twisted  
You go me thinking  
That tonight I just might  
Come and sit with you (oo)  
Better yet I'll get me crew  
To come kick it with your crew  
Because it's ladies night  
And we all looking tight  
And you're out with your boys  
Let's go and make some noise  
Little game of five on five  
I'm showing all my moves  
You can make a new friend  
But boy you got to choose

#### CHORUS

So lift your glasses high  
Up to the sky  
Another round for me and my friends  
It feels so good  
We living the life  
Cause all I need is me and my friends

I'm looking for a new friend  
Would you be my new friend  
Yeah we all need somebody  
You could be my club buddy  
I'm looking for a new friend  
Would you be my new friend  
Like the way I work my body

I ain't got no home to lay my head  
So I'm up in the club or close to dead  
On the other side is paradise so get fed  
Through the love my friends'll get fed  
So lift your glasses high up to the sky  
This is for my friends who's time have passed by  
So we're lifting our voices up to the sky  
Bringing home one love I got to get by  
Grab hold the song or just roll and ride  
So lift your glasses high up to the sky  
So get your ass up (yeah)  
And raise your glass up (yeah)  
If you feeling alright (yeah)  
Then we going all night (hey)

So get your ass up (yeah)  
And raise your glass up (yeah)  
If you feeling alright (yeah)  
Then we going all night (hey)  
So lift your glasses high  
Up to the sky  
Another round for me and my friends  
It feels so good  
We living the life  
Cause all I need is me and my friends  
Yeah (4x)  
Hey  
Yeah (3x)
