[Verse 1]

From the womb to the world  
From the world to the grave  
From the grave to the heavens and my spirit.

From the liquor to the drugs  
To the police and the thugs  
To my prayers and hope that he hears it.

Little kids in the street, never sleep, never eat  
Carry burdens of their mommas' and the papas'  
To the hell on this Earth, gettin' hot, gettin' worse  
Cause were cursed, nobody can stop us.

Take a look, see the sights that I've seen  
See the lust, see the greed, jealousy, and killin'.  
Walk the walk that I've walked all alone in the dark  
Overtaken by this feelin' that I'm feelin'.  
Touch the hand that I've touched in the night, what a  
rush  
Turning blue, so cold and breathless.  
See the bars and the chains on your wrist, on your brain  
Feel the pain of a grown man's death wish.

[Chorus]

Is this all there is? Cause I don't want it no more.  
Is this all there is? Cause I don't want it no more.  
Is this all there is? Cause I don't want it no more.  
Is this all there is? Cause I don't want it no more.  
Nnoooo.

[Verse 2]

That's right little mama,  
Just keep on walkin' to school  
Don't stop and talk to them fools  
Tryin' to holla while they sippin' on brew.  
Cause you're gonna lose.

Got to stay focused, keep your mind on your dreams  
Don't get hypnotized by the bling  
Deep inside you must believe and you'll succeed

Cause all we're given is a chance,  
They play the music and we dance

And ain't no way to make it last if we don't stop and  
listen  
It could be over in a flash  
When you killin' for that cash  
Flip an Apache and blast 'em with Tomahawk missiles

Moqtada al Sadr, Bin Laden, Al Qaeda,  
They all multiplyin' and hidin' and George can't find  
'em.  
And even if he did and killed them  
Then another would come.  
We makin' enemies faster than we can pick up a gun.

[Chorus]

Is this all there is? Cause I don't want it no more.  
Is this all there is? Cause I don't want it no more.  
Is this all there is? Cause I don't want it no more.  
Is this all there is? Cause I don't want it no more.  
Nnooo.

[Verse 3]

From my soul to my heart  
From the ending to the start  
In between it's an art and I live it.

From one person to the next  
All respect, no regrets.  
If you next, you got it, then give it  
Share a hug, share the love  
We can rise up above  
If we try we can fly up to the heavens  
All my brothers and my sisters,  
We can make it if we listen to each other and just keep  
on.

[Chorus]

Is this all there is? Cause I don't want it no more.  
Is this all there is? Cause I don't want it no more.  
Is this all there is? Cause I don't want it no more.  
Is this all there is? Cause I don't want it no more.  
And I can see this change comin'.  
And I can see this change comin'.  
And I can feel this change comin'.
