[Chorus]

Someday we gonna rise up on that wind you know
Someday we gonna dance with those lions
Someday we gonna break free from these chains and
keep on flyin'

[Verse 1]

They tellin' me it's all good just wait
You know you're gonna be there someday
Sippin' on Jim Beam ok
Gotta get these things one day
Till then do another line you know
Searching for that other high
Stop or I gotta steal then steal
Kill or I'm gonna be killed
I got a sack in my pocket
Conscious yellin' drop it
You know we're gonna lose it someday
And we tryin' to hold it all together but the devil is too
clever so
I'm gonna die you gonna die we gonna die Someday
one day I said

[Chorus]

Someday we gonna rise up on the wind you know
Someday we gonna dance with those lions
Someday we gonna break free from these chains and
keep on flyin'

[Verse 2]

Try to lie but it ain't me Ain't me
Try to look but I can't see
Can't stop right now cause I'm too far and I can't keep
goin' cause it's too hard
In the day in the night it's the same thing
On the field on the block it's the same game

On the real if you stop then it's no pain but if you can't
feel pain then it's no gain
Rearrange and you change and it's all bad and you try
to maintain but you fall back
And you crawl and you slip and you slide down

Wanna make it to the top better start now
So I hold my soul and I die hard
All alone in the night in the graveyard
Someday one day I'm gonna be free and they won't try
to kill me for being me
Hey, someday

[Chorus]

Someday we gonna rise up on that wind you know
Someday we gonna dance with those lions
Someday we gonna break free from these chains and
keep on flyin'

If you know how this is
Gonna see it's not that easy
Don't stop get it till it's done
From where you are or have begun
I said keep on try a little harder to see everything you
need to be
Believe in your dreams
That you see when you're asleep

[Chorus]

Someday we gonna rise up on that wind you know
Someday we gonna dance with those lions
Someday we gonna break free from these chains and
keep on flyin'

[Dies out]

keep on flyin'
