[Verse 1]

See we gotta get it right but we always get it wrong  
And it be the same old thing and it be the same old  
song  
Tryin' to fight to survive Tryin' to fight for our lives  
See I'm only tryin' to live I don't wanna say goodbye  
But the day that it all should end Holla back so mote it  
be  
Cause we'll all be born again  
Maybe then we'll all be free and the day that it all  
should stop  
Is a day that will never come Cause we gonna live  
forever  
Spinnin' until we're spun

[Chorus]

Here we go one more time here we go one more time  
Now we Spinnin' yeah we spinnin'  
Yeah we spinnin' now we spun  
Here we go one more time here we go one more time  
Now we Spinnin' yeah we spinnin'  
Yeah we spinnin' now we spun

[Verse 2]

See we got nowhere to run and we got no where to go  
True love is all I need and to never to be alone  
So I take a sip and chill while I take a dip and chew  
Lookin' for a quick escape but it all wears off too soon  
All the girls they love to lie some girls I'll never trust  
But it's all a compromise maybe I expect too much  
Maybe if I close my eyes maybe then I'll finally see  
Maybe then I'll finally die maybe I'll be finally free

[Chorus]

Here we go one more time here we go one more time  
Now we Spinnin' yeah we spinnin'  
Yeah we spinnin' now we spun  
Here we go one more time here we go one more time  
Now we Spinnin' yeah we spinnin'  
Yeah we spinnin' now we spun

[Verse 3]

My superstition got me wishin' for another life and if I  
don't listen  
I ain't gonna make it through another night and the pills  
'n the caine and the drink and the drugs got me  
floating above  
And the girls and cash the cars and the hash got me  
feelin' a rush  
A thousand voices in my head I don't know right from  
wrong  
I'm breakin' down holdin' on I'm livin' song to song and  
Pipe you're my brother 'till the day that we die  
I don't give a fuck who hears me cause  
I ain't gonna lie so roll it up pour a cup drink it up  
smoke it up  
I don't give a fuck we bout to blow this shit up

[Chorus]

Here we go one more time here we go one more time  
Now we Spinnin' yeah we spinnin'  
Yeah we spinnin' now we spun  
Here we go one more time here we go one more time  
Now we Spinnin' yeah we spinnin'  
Yeah we spinnin' now we spun
