This planet is full of cowards  
This planet is full of love  
This planet is full of victims  
This planet is full of thugs  
This life is what you make it  
You could be broken in heaven  
Your visions where you take it  
Them angels the strongest weapon  
Reppin it while you steppin  
This life is the greatest lesson  
This lesson the greatest blessing  
How dare we waste it by stressing  
Believe in one love  
Can die for one drug  
Kill Martin, the king of peace with one slug  
And they say everybody problem  
Cause everybody popping  
And everybody dying  
Until everybody stopping  
It ain't no use in this planet  
Unless we make a move  
You civilized and get it right  
And do what you should do

While the angels come and sing to me:  
Every time I try to win  
Oh I always seem to lose  
Oh I'm giving it my best  
Yeah I'm trying to break through  
Every time I have a dream  
No, it never seems to come true  
And I'm giving it my all  
Now it's time to do cause  
This is the life, this is the life  
This is the life I've been given  
This is the life, this is the life  
So lets make our dreams come true

We gotta simplify the truth  
We gotta get back to our roots  
Have to fall down on my knees  
And be willing to give up everything

I focus and I hope that  
This road we on it be over  
I open up my eyes  
And this road we only get longer  
Children experience hunger  
Stomachs is full of thunder  
From the sands in Sudan  
To the woods in Rwanda  
It's everybody problem  
Cause everybody popping  
And everybody dying  
Until everybody stopping  
It ain't no use in this planet  
Unless we make a move  
You civilized and get it right  
And do what you should do

While the angels come and sing to me:  
Every time I try to win  
Oh I always seem to lose  
Oh I'm giving it my best  
Yeah I'm trying to break through  
Every time I have a dream  
No, it never seems to come true  
And I'm giving it my all  
Now it's time to do cause  
This is the life, this is the life  
This is the life I've been given  
This is the life, this is the life  
So lets make our dreams come true

Peace, don't say it unless you mean that  
Peace, gotta live it, gotta breathe that  
It ain't a word baby, this a way of life  
On my knees,  
While the angels come and sing to me:

This is the life I've been given  
(Now you're eyes can see the truth)  
This is the life I've been given  
(Now you're eyes can see the truth)

While the angels come and sing to me:  
Every time I try to win  
Oh I always seem to lose  
Oh I'm giving it my best  
Yeah I'm trying to break through  
Every time I have a dream  
No, it never seems to come true  
And I'm giving it my all

Now it's time to do cause  
This is the life, this is the life  
This is the life I've been given  
This is the life, this is the life  
So lets make our dreams come true
