*[Chorus]*

Time, time is on your side  
It's a lovely ride you wanna step inside  
Time, time is on your side  
It's a lovely ride you wanna step inside  
We all fit to glide

*[Verse 1]*

When the time tic Pipe rhyme sick  
Call em' Jorginho Pull a dime chick  
Run with a click like Al Pacino in the God Father  
Bitch why bother fahgetaboutit  
I'll bang ya grand daughter if she in college  
Don't ever doubt it keep it cracked open like crack  
flowin' in western Oakland.  
Tryin' to stack somethin' from rap bustin' and keep on  
goin"  
Like a drive by I ride high  
With 90 guys that shoulda died high from bad vibes in  
95  
But I surprise guys  
Never been thuggin' robbin or muggin doin' my thizzle  
But kept under you gotta love 'em bodies is missin'  
Sleepin' with fishes feedin' the worms  
If I ain't eatin' then I ain't concerned  
I'm out of time

*[Chorus]*

Time, time is on your side  
It's a lovely ride you wanna step inside  
Time, time is on your side  
It's a lovely ride you wanna step inside  
We all fit to glide

*[Verse 2]*

Now I'm breathin inhalein' for the first time  
Heart beatin keepin' the rhythm as I rhyme  
And I can't take a second cause it ain't mine to take  
from dawn to late  
I'm riding the wave It's my fate singing  
I'm ready for love I'm ready for hate I'm ready for  
shame bring it my way

Hey hey you touch me you feel me your my little lady  
from New Orleans  
Smoke me down walk the streets with the ghost in the  
middle of the night  
Just hey I'm headin' out West in search of faith in  
search of faith  
And the pain stops when the rain drops its like sex 'n  
Feelin' the beat from the heat and then keep flexin'  
Next is continue stepin' and never stressin'  
No second guessin' just believe  
Receive the blessen'

*[Chorus]*

Time, time is on your side  
It's a lovely ride you wanna step inside  
Time, time is on your side  
It's a lovely ride you wanna step inside  
We all fit to glide

*[Verse 3]*

I'm up at Bens Burgers Fuck what you heard of  
Throw ya turf up on my CBR side show jerkin' and  
pickin' work up  
On the sidewalk weavin' through cars doors is ajar  
See them ghetto boys high as Uranus Saturn and Mars  
This be the new Bay run in with pistols and lay 'em  
down  
Cause ain't no new yag sufferin' shortages in the town  
Bring in the new day when it's no politicians and cops  
and ain't nobody starvin' and broke and nobody  
sellin' rocks

*[Chorus]*

Time, time is on your side  
It's a lovely ride you wanna step inside  
Time, time is on your side  
It's a lovely ride you wanna step inside  
Yeah
