Flo Rida (verse 2)

Hey, I'm feeling you girl, wanna get close to you, no
doubt

My sister swagger should tell it more than anything can
vouch

Little mama you are what's inside ghetto, fine I'll make
you proud

So stuntalicious, I love it, lets at least work something
out

Miss thing, million dollar game, coke bottle frame

Make my wall of fame let me know your name

I control the rain I could make it better, matter of fact

I make it weather, stormy weather with this cheddar

All because you hot as ever, if you may lady,

Let me play baby, make my way baby,

You won't like it, send it back and it's okay baby

You's a keeper, touch of diva, give me a fever

If I could freak ya, give me the word and I'll be along

Chorus

I said excuse me little mama if I may,

Take this thought and send it your way,

And if you don't like that, then send it right back,

But I just gotta say

I wanna be on you (on you), I wanna be on you (on you)

And if you don't like that, then send it right back

But I just gotta say, I just gotta say
