And in my mind, in my head
This is where we all came from
The dreams we have, the love we share
This is what we're waiting for
And in my mind, in my head
This is where we all came from
The dreams we have, the love we share
This is what we're waiting for

I've waited for this life, waited for this time
Waited for this moment to step into the line
Got this drink up in my cup
One night to live it up
You know I'm not stoppin' 'til we had enough!

Perfect brother,
Can't tell you where I'm at, but I'm on the right track
Every time I look back it's a struggle,
No faith I wud've zapped that right
Forget my prayers, 'coz I don't hussle
Noooo, na dope, just soap, in my 'dibby envelope,
check out my demo
Oooh I'm Flo Rida, wanna go right na, but it's neva that
simple
Just the road get pumped like a pimple,
Out the way say I ain't got potential
Can't walk, yes I ain't got the memo, oooh
Take a walk in my shoes
'Coz tonight my dreams they came true,
And I'm gonna party it up through the roof
Oooooo

This is what were waiting for
And in my mind, in my head
This is where we all came from
The dreams we have, the love we share
This is what we're waiting for
And in my mind, in my head
This is where we all came from
The dreams we have, the love we share
This is what we're waiting for

I've waited for this life, waited for this time
Waited for this moment to step up into the line
Got this drink up in my cup
One night to live it up, you know I'm not stoppin' 'til we
had enough!

Party people!
I've got the wind in my head, my mind says yes,
When my body says we're not equal
No stop' for the option, when I 'Yes I Can',
'Till the spaceship lands with The Beatles,
See the road blocks up and my autograph sucks,
But the legiance unberliverble!
Take a round, for the 'bux, no I wanna get b, bu', bu',
My face stuff, rock star sign, guitar's just broke in my
mind,
Walls stackin' up, I might get fined,
Talk about love on my side oooh,
Take a walk in my shoes,
'Coz tonight my dreams they came true,
And I'm gonna party it up through the roof
Oooooo

This is what we're waiting for...

And in my mind, in my head
This is where we all came from
The dreams we have, the love we share
This is what we're waiting for...

And in my mind, in my head
This is where we all came from
The dreams we have, the love we share
This is what we're waiting for

And in my mind, in my head
This is where we all came from
The dreams we have, the love we share
This is what we're waiting for.
