In my mind, in my head, this is where we all came from
The dreams we have, the love we share
This is what we're waiting for

And In my mind, in my head, this is where we all came
from
The dreams we have, the love we share
This is what we're waiting for

I'm waiting for a smile
Waiting for this time,
Waiting for this moment
To step into the light
Got the street up in my club
One night to live it up
You know I'm not stopping till we...
Hell no

Perfect brother, can I tell you

And In my mind, in my head, this is where we all came
