[Chorus]

I don't wanna leave a blood stain,  
I just need to try and understand.  
It's always good when it's in my hands,  
But it seems to hurt when someone  
Would you stop it? I've had enough of this  
I've had enough of this  
I've had enough of this  
I've had enough of this

[Rap Verse 1]

It's crazy I know just how you feel  
So alone always gone to this useless  
Don't let yourself fall apart  
Is not a movie is addicted as a drug  
You are too scared I won't let it bring me down  
It ain't a beauty it's so emotional it's  
overwhelming  
Lately I know times you have been empty  
So lone without the calls it's confusing  
Don't let it disturb your mind  
You can lose it I have seen it with my eyes  
It's abusing and different disguise  
Some excuses it can leave you so hurt and miserable  
Without a question  
I know love that you do some crazy things  
Don't be blinded by the love

[Chorus]

I don't wanna leave a blood stain,  
I just need to try and understand.  
It's always good when it's in my hands,  
But it seems to hurt when someone  
Would you stop it? I've had enough of this  
I've had enough of this  
I've had enough of this  
I've had enough of this

[Rap Verse 2]

I hope you will find someone that cares about you girl  
Who respect you who appreciates you and holds it

down for you  
Gotta know how much you truly worth  
Enough is enough  
Intuition said it was fair  
Only you should know by now there's  
Not enough to go around  
Here they come again  
I can watch  
As they try, they try to take it out  
Here they come again, I can  
It was not enough that we were bought and brought to  
this home as the slave,  
Locked in the bowels of a floating shithouse  
Watching those we love eaten away by plague and  
insanity  
Flesh falling like strips of bark from a termite-infested  
tree  
Bones rotting turning first to brittle ivory then to resin  
That was not enough

[Chorus]

I don't wanna leave a blood stain,  
I just need to try and understand.  
It's always good when it's in my hands,  
But it seems to hurt when someone  
Would you stop it? I've had enough of this  
I've had enough of this  
I've had enough of this  
I've had enough of this

[Verse 3]

Remember those time we had  
The good, the happy and sad  
I never thought we got around  
When things went tumbling down  
I guess we got lonely  
There was no one else for us to turn to  
'Cause I don't need you any longer  
'cause now I'm stronger  
Stop tryin' to call me  
Stop messin' with my mind  
Oh why can't you see?  
That there's nothing else you will find  
'cause we'll only keep on fighting  
And our hearts will only keep on hurting

[Chorus]

I don't wanna leave a blood stain,  
I just need to try and understand.  
It's always good when it's in my hands,  
But it seems to hurt when someone

Would you stop it? I've had enough of this  
I've had enough of this  
I've had enough of this  
I've had enough of this
