Yeah, I'm a need a designated driver for this one
It's the Bugatti tonight, strong arm, J. Rome holler at
them

I need a couple more shots in my system
I want it, I need it,
Cause it's the weekend plus it's my birthday
And we whinin' and I'ma drink, drink, drink like I'm
thirsty
Shots in my system, sis system,
Shots in my system, sis system,
Shots in my system, sis system,
Shots in my system, sis system,

Shawty looking good, skin-tight dress
Must be a model, heels on deck
Patron in my cup, I'm trying to get faded
Party don't stop till my whole click's wasted

Bulling is my hobby, girl I hope you naughty
Take another shot, you can be my barbie
Know you got a man, cause he keep on watching
Leave that nigger
It's the last call, for the alcohol
And when I get you on,
I'ma kick, kick, kick your system

I need a couple more shots in my system
I want it, I need it,
Cause it's the weekend plus it's my birthday
And we whinin' and I'ma drink, drink, drink like I'm
thirsty
Shots in my system, sis system,
Shots in my system, sis system,
Shots in my system, sis system,
Shots in my system, sis system,

I'm on shot 3, call me larry burke
Cause fo a strange reason, I'm the worst flirt
She's looking at me, I'm looking at her
By the end of the night, I'ma be in her skirt

Bulling is my hobby girl I hope you naughty
Take another shot, you can be my barbie
Know you got a man, cause he keep on watching
Leave that nigger
It's the last call, for the alcohol
And when I get you on,
I'ma kick, kick, kick your system

I need a couple more shots in my system
I want it, I need it,
Cause it's the weekend plus it's my birthday
And we whinin' and I'ma drink, drink, drink like I'm
thirsty
Shots in my system, sis system,
Shots in my system, sis system,
Shots in my system, sis system,
Shots in my system, sis system,

Nah nah let me pour it, drank and sip it on
Sip it break it throw it on,
Top of it there I go tyna get the liquor done
Shawty come and get you some
I ain't even tripping on
Big shots fitted ain't buying one if you want, fill it
You really fill it, patron hit it, she can get it
So with the limit, just for the women, happy ending
Look at the spinnings, that paper spending' Bugatti
living, my birthday weekend So I ain't standing in the
line outside, it's wrong
Go baby we can sip all night got a hundred rounds
coming
In the club won't buy 'em, I'ma tell you right now

I need a couple more shots in my system
I want it, I need it,
Cause it's the weekend plus it's my birthday
And we whinin' and I'ma drink, drink, drink like I'm
thirsty
Shots in my system, sis system,
Shots in my system, sis system,
Shots in my system, sis system,
Shots in my system, sis system.
It's the last call for the alcohol
And when I get you on,
I'ma kick, kick, kick in your system
