Tell me that youre single
Tell me that youre single
Tell me that youre single
Or that youre single for tonight
Tell me that youre single
Tell me that youre single
Tell me that youre single
Tell me that youre single
Tell me that youre single
Tell me that youre single
Maybe you are single
Then youre single for tonight
Then youre single for tonight
Then youre single for tonight
Then youre single for tonight
Then youre single for tonight

Dont see no boyfriend and I dont think youre looking
Your hands around my body you know you got me
looking
We gonna tell nobody about what we got cooking
So if you arent single, then youre single for tonight

Yeah, you already know Im on my round
You a single lady and nobody told me at your man
Shorty, quit playing you aint got a boyfriend but some
million dollar chance
I know I sound polite, youre all for it tonight
Lets get in here, do a ten, upgrade your life
Look back in the past cause he aint ever been this
fellow
Pop the champagne show me how to get me something
When you pour down, you still looking right at me
Get your score now, so let me holla at you baby
Turn the score around, the game changer
I wanna bang you but you a banger, a disclaimer
So you know I aint telling, I dont get credit
Theres cash every time, Im growing sick of them being
jealous
Relax, Im not mad at you, I still got plenty, but drop that
, mama

You aint gotta stress

Cause I dont see no boyfriend and I dont think youre looking

Your hands around my body you know you got me looking

We gonna tell nobody about what we got cooking
So if you arent single, then youre single for tonight

Then youre single for tonight

Then youre single for tonight

Then youre single for tonight

Then youre single for tonight

Going to the club, walking in there

Pull up to the bar, get drinks then I

Pull up to a broad, let her know what it is

How it is, why it is, what it is

Say aint got time for no games and neither do you

You single tonight and you leaving at 2

Back of my mind like what she gonna do

When she back right on me and step in the booth

Now we pouring some drinks and she bringing some friends

They all wanna roll but it really depends

Are they single tonight or they cooked up with men

Cause we did it last night and wont do it again

So they hop in the Benz with their friends on the road

Theres only one thing about me you should know

Im white boy wasted, party in my basement

Found me in the club so its on the same shit

Thats right ladies, you know what it is

If youre single for tonight report to the dance floor

In 5, 4, 3, 2, 1, lets go

If youre single hands up, hands up, hands up

If youre single hands up, hands up, hands up

If youre single hands up, hands up, hands up

If youre single hands up

Now put your motherfucking hands up

Hands up, hands up, hands up

Now put your motherfucking hands up

Hands up, hands up, hands up

Now put your motherfucking hands up

Cause I dont see no boyfriend and I dont think youre looking

Your hands around my body you know you got me looking

We gonna tell nobody about what we got cooking

So if you arent single, then youre single for tonight

Then youre single for tonight
Then youre single for tonight
Then youre single for tonight
Then youre single for tonight
