"Come See Everything"

"Lately, he's been drinking alone
Dreaming naked by the telephone
Bolting doors and getting stoned
Locked and loaded, and he's losing hope

Oh! (echo)

And as the sum of our fears
Becomes the drum in our ears
And someone unlikely says, "Come and see
everything,
come out and see the whole world."
We'll never make it alone, never make it

If it's too much to contemplate
Just start shaking the hands of fate
No one leaves the way they came
What you take is what you gain

And as the sum of our fears
Becomes the drum in our ears
And someone unlikely says, "Come and see
everything,
come out and see the whole world."
Come and see it
When you turn your back
Let your soul go black
Black as cold soot
Black as cruel's foot

Lately, he's been drinking alone
Dreaming naked by the telephone
Bolting doors and getting stoned
Locked and loaded, and losing hope

Oh! (echo)

And as the sum of our fears
Becomes the drum in our ears
And someone unlikely says, "Come and see
everything,

come out and see the whole world."
We'll never make it alone

Oh! (echo)
Oh, no

(Indistinct voices)"
