Hey I gave myself a good beating
And I cut my hair
And we all search for someplace quite
Even though we know it's not there
Not
Why don't you fight
Why don't you run
Why don't you try resisting me some
Here comes the dog
Why don't you speak
Welcome me back
Into your bones
And out of the pack
Here comes the dog
You so pink
You so soft
You so desired
Until you take it all off
Feel my loving tongue
Here I come
All you planned
All your dreams
All you know
Is gonna bring you to your knees
Dig
I am
All I feel
All I know
Is coming inside you
Mother Fucker
Why don't you fight
Why don't you run
Why don't you breathe
You not any fun
Here comes the dog
Why don't you speak
Welcome me back
Into your bones
And out of the pack
Here comes the dog
Come take my passion
And take my car

Make me take action
All this can't be taken to far
Feel my loving tounge
Here i come
All you planned
All your dreams
All you know
Is gonna bring you to your knees
I can dig
I am
All i feel
All i see
Is coming inside
You
Don't call to me
You'll make it on your own
You know that we could be much closer than you know
If you just let me take it down
And paint my face red
Lick your bones
Im already in you
And im home
Get used to me
Get used to me
