"Independence Day"

Visit "[Independence Day](#)" on MotoLyrics.com

Well you, trust no one
You can never rest
Trust anyone and they'll strike while you're sleeping
And just as the sun must keep on seeking the west
Everything you love will always be leaving
Yeah leaving
And the fire works explode
Lighting up my way
Up my way
The painting of the sky of my Independence day, yeah
of my day
I watch this world roll on and I think I might stay
Yeah, I'd like to stay
Oh now tell me
Was he the one while I was gone who kept you busy?
Did he come in my place?
Could he make you dizzy?
Yeah and I suppose that I got a little boy inside
And in every woman's man
Is a little boy that died
Stone jumping
Looking at the ocean
I've got no direction
But Im emotion
And I got my mind
And I got my music
I got my soul
Until I lose it
Ride on
Oh ride on
And I still remember everything
I still remember living like I did
I remember
Oh I remember
Yeah I still remember everything
Under the embers I'm still burning
Im still, still
Well and you can trust no one
Well then you can never rest
Trust anyone and they'll strike while you're sleeping
And just as the sun must keep on seeking the west
Everything you love will always be leaving

Leaving
And the fire works explode
Oh lighting up my way
My way
The painting of the sky of my Independence day, yeah
of my day and
I watch this beautiful world roll on
And I think I might stay
