Imagine me and you, I do  
I think about you day and night  
It's only right  
Ta think about the girl you love,  
and hold her tight.  
So happy together  
If I should call you up  
Invest a dime  
And you say you belong to me  
And ease my mind  
Imagine how the world would be  
So very fine  
So happy together  
Imagine me and you  
I do but I'm thinking too much and I'm studying how  
they  
toss the dice  
it had to be simpler back in the day when our folks were  
pretty certain they would find someone  
now none of it's assigned  
we just want a date  
whether deaf or blind or dumb  
I look at your number and wonder if I should  
call you up  
or invest a dime in a message with text that doesn't  
belong to me but it would  
ease my mind to know if the songs I'm singin are  
in a key  
you can comprehend  
in tune with the thoughts you're pondering  
if so we can both stop wondering if and  
be together like Donner and Blitzen  
but all reindeer games aside  
it's like right when you came here, I came alive  
it's like everything else was a glipse of you  
giving hints and clues of where your name resides  
now that I've found you it's changed the vibe  
shattered through all the blame fear pain and pride  
doesn't matter who calls and inversts a dime  
they get a message saying we're staying inside  
cause I imagine, you and me could make music easily  
could make moves never lose the beat

I can imagine the food that we chose to eat  
I see it all like a view from a movie seat  
and imagine you and me  
never knew that we  
were never more than a few degrees  
and how good it would prove to be  
but the waiting is over I finally found you and...  
I can't see me loving nobody but you  
For all my life  
When you're with me  
Baby the skies will be blue  
For all my life  
Me and you  
And you and me  
No matter how they toss the dice

It has to be  
The only one for me is you  
And you for me  
So happy together  
Imagine me and you  
and you and you me  
no other way for we to be  
toss the dice eventually  
snake-eyes spells a tragedy  
and I release unhappily  
the magic now a fantasy  
the another one for me than you  
a some other one for you than me  
and that's the way it has to be  
an uncompleted masterpiece  
deleted canvas atrophy  
cut be another after me  
a silent wound whose lips confess  
Love's loss under Love's duress  
a curse confessing hope  
and then reverse the blessing emptiness  
this hollow whole wont coalesce  
regrets emote from hole in chest  
as less remote emotions pull from  
gravities growing depths  
I have it easy knowing this  
together we will never fit  
So I'd rather bind my mind with rhymes  
than blind my eyes and sever it  
I can't see me loving nobody but you  
For all my life  
When you're with me  
Baby the skies will be blue  
For all my life  
BA PA PA PA BA PARA ....

Me and you  
And you and me  
No matter how they toss the dice  
It has to be  
The only one for me is you  
And you for me  
So happy together And I don't know and I can't think  
and I'm so smote that I can't see  
and I look at the picture I have in my head and  
I won't doze and I can't sleep  
and it's so good that I'm locked down  
and your quotes get put in my thoughts now  
and there's nobody else to distract me  
cause you've got me on lockdown  
and it can't stop and it won't stop  
and we rock on leavin shows stopped  
so thank you for comin goodnight everyone we're the  
flobots...
