[Speaking Part:]

Butterfly wing cross wings. send black hawks toward hurricane survivors.

Roses sprout from empty lots and sidewalk cracks.

Pacifist gorillas move undetected through concrete

jungles.
New forms are beginning to take shape.
Once occupied minds are activating.
People are waking up!
The insurgency is alive and well.

Rise of the flobots
Portrait of
The new American insurgent
Rattle and shake the foundations of the world order
Assembly line incent, resist, refuse
Inform, create
Direct loved one's to the trenches
Suit up forge rubble into fortress's
Plaster, cloth, aluminum
Broken porcelain
Rusted platinum
Burn blood stains from decompressed diamonds
Hammer the battle cry into braille studded armor.

[Speaking Part:]

We are building up a new world.
Do not sit idly by.
Do not remain neutral.
Do not rely on this broadcast alone.
We are only as strong as our signal.
There is a war going on for your mind.
If you are thinking, you are winning.
Resistance is victory.
Defeat is impossible.
Your weapons are already in hand.
Reach within you and find the means by which to gain
your freedom.
Fight with tools.
Your fate, and that of everyone you know
Depends on it.
