We request to negotiate
We come to you unarmed
We desire to communicate
You can not do us no harm

They want sacrifice
They had schemes and asked me to follow their path to
the after life
I've got an appetite
For nice things and pipe dreams
And my enemies could be blastified
Who better for
Views that are better for
You can't survive and find your competitor
Rise together or fight seperate wars
I pray I'm never forced to be a predator

Forced to spectate we wont last
They glad to hate when gladiators breath their last
Scream on mass when the dreams do clash
Like swords in the war , let me bleed on that
But they feed on that , so we need strong backs
Crawler's weakened or redeemed contracts
But the speech wont last when the beast attacks
The sons and the fathers will be free at last

This is love , It's not treason
This is love , It's not treason
This is love , It's not treason
This is love , It's not treason
This is "LOVE "

They see sharks in the estuary
They claim they are as Bartholomews
They say war is necessary
But we say war is child abuse

We'd rather make our children
" We request to negotiate "
Martyrs then Murderers
" We come to you unarmed "
We rather make our children

" We desire to communicate "
WHITE FLAG WARRIORS

Take call to the one's we been waiting for
We hold steady
Steady at the stepadel
Notary is a matter
Doesn't matter
So i give a war
But give the death to settle scores
Test the metal either or
Whats your plan got to do with me
If the bell tolls , let freedom ring
And find the new way , since we must be kings
Instead of leading the young to our suffering

Huh, The past test'em is done scream back in heaven
Protest in us like wednesday's at eleven
Want to recruit and train us to act evilly
save it for the shooting range
Smack dvd's
So study war no more this millennium
It's never again for me or anyone
So think harder when you refer to us
Rather make our children Martyrs then Muderers

This is love , This is not treason
This is love , This is not treason
This is love , This is not treason
This is love , This is not treason
This is "LOVE "

They shell dwellings to quell the shellings
They lift taboos to seduce the cowards
They say we're to yellowbellied
But we say were the new SUPER POWER

We'd rather make our children
" We request to negotiate "
Martyrs then Murderers
" We come to you unarmed "
We'd rather make our children
" We desire to communicate "
WHITE FLAG WARRIORS
" You can not do us harm "

This is love

We seek waivers to not be liable
We claim to speak for a higher truth
We stand opposed to the homicidal

We tell you you're fireproof

We'd rather make our children

" We request to negotiate "

Martyrs then Murderers

" We come to you unarmed "

We'd rather make our children

" We desire to communicate "

WHITE FLAG, FLAG, FLAG, FLAG, FLAG, FLAG

WARRIORS!!!!!!!!!!!!

We'd rather make our children

We'd rather make our children

WARRIORS!!!!!!!!!!!!

----- (Whispers) -----

-Give to us your courage, ask us what you will

Demand from us a sacrifice

But do not make us to kill

We rather make our children

We rather make our children
