Chorus

Think I'm losing my appetite
I'm not hungry no more (more)
I don't want it no more (more)

Think I'm losing my appetite
I'm not hungry no more (more)
I don't want it no more (more)
Convince me, convince me

Verse 1

I placed an order by phone for a home delivery
I think you'll find I ordered numbers 6 and 9
But I may just eat out tonight
Something had better be knocked off
And if the food's not hot
Then I think you'll find that
I'll send it back, yeah it's like that

Chorus

Think I'm losing my appetite
I'm not hungry no more (more)
I don't want it no more

Think I'm losing my appetite
I'm not hungry no more (more)
I don't want it no more (more)
Convince me, convince me

Verse 2 [Marsha]

Said it's been about an hour (tick tock)
Another night to devour (tick tock)
Some good stuff now love (tick tock)
Can't be hot enough no no (tick tock)
Said if you would cancel this (tick tock)
But I've been needing, feeling this (tick tock)
Quit your tease
May I please have a taste
Don't waste no more time

Chorus

Think I'm losing my appetite
I'm not hungry no more (more)
I don't want it no more

Think I'm losing my appetite
I'm not hungry no more (more)
I don't want this no more (more)
Convince me, convince me, convince me

Verse 3

There's a secret that's been kept for us
I like to get just rough enough
To cause excitement
It could be your night, tonight
That's if you get here on time
And I advise that you do
This may be the only chance you'll . . .

Chorus

Think I'm losing my appetite
I'm not hungry no more (more)
I don't want it no more

Think I'm losing my appetite
I'm not hungry no more (more)
I don't want this no more (more)
Convince me, convince me

Repeat chorus

Feed me, feed me, feed me, feed me
More, more
