Laundered linen sheets
Touch me their coldness
And thoughts I can't repeat
Shock me with their boldness
Why did my mind and body believe,
That you would never leave them?
Now there's parts of me that ache,
Or well they force me to deceive them
So come back and relieve them

Who would steal you?
I still feel you
Now you're gone
These are lies
They're not real
This is more than I can feel
This is wrong [3x]

A bath so hot it almost scalds
And I let the warmth surround me
I slide down
Till only my face shows
But I feel colder now
Than before you found me
When u used to pin me down
The clarity in your intent
But if you mind was somewhere else

I cant better anything you can invent
I thought you understood how much you meant

Who would steal you?
I still feel you
Now you're gone
And these are lies
It's not real
This is more than I can feel
It's all wrong
Now you're gone
I work hard to carry on
If you could've seen
How I've been

Then you'd know how much you meant

Who would steal you

I feel you

Now you're gone

Now you're gone

Now you're gone

Gone

Gone

Gone

Don't you know how much you meant?

Who would steal you?

I still feel you

Now you're gone

These are lies

They're not real

This is more than I can feel

This is wrong [till end]
