You always had what you wanted  
So leave it behind  
And if the glass isn't broken  
Then the future's not blind

All that you know  
Means nothing to you  
But it's the loss of control  
Shatters the truth

'Cos the story so far is already here  
We've made it this far  
Through the battered experience  
Though life cuts to pieces  
'Til the wounds of no secrets  
Makes it all who you are

Love craves self destruction  
It's a blizzard in hand  
You lay your cards on the table  
But you're not in command

So burn with the fire  
You so eagerly lit  
Watch the flames flicker higher  
Say, I don't care about me

'Cause the story so far is already here  
We've made it this far  
Through the battered experience  
Though life cuts to pieces  
'Til the wounds of no secrets  
Makes it all who you are

Makes it all who you are  
Makes it all who you are  
Makes it all who you are

No, it's bitter, the pill  
That you swallow to feel  
I don't care what I lost  
I just thank God I'm alive

Makes it all who you are  
Makes it all who you are  
Makes it all who you are  
Makes it all who you are  
Makes it all who you are  
That's the story so far
