Whistles the wind, blowing my way  
Sweeping me back, back here to stay  
Can winners be losers running on the same track?  
Some head for glory, others we crash

Well it breaks my heart to see you this way  
The beauty in life, where's it gone?  
And somebody told me, you were doing okay  
Somehow I guess they were wrong

My isolation, now there's a sobering thought  
A minute alone, a lifetime too long  
See the face in this mirror, so pale it could crack  
Desperately wanting the color it lacks

Well it breaks my heart to see you this way  
The beauty in life, where's it gone?  
And somebody told me, you were doing okay  
Somehow I guess they were wrong

So you drank with the lost souls for too many years  
Tied to their ankles now shackled with fear  
Never been righteous, though seldom we're wrong

Life's only life with you in this song

Now there's an ocean between  
Where I am and where I want to be  
So you prayers in doubt, doubt not for me

Well it breaks my heart to see you this way  
The beauty in life, where's it gone?  
And somebody told me, you were doing okay  
Somehow I guess they were wrong

Well it breaks my heart to see you this way  
The beauty in life, where's it gone?  
And somebody told me, you were doing okay  
Somehow I guess they were wrong

Whistles the wind  
Whistles the wind

Whistles the wind  
Whistles the wind

Oh you'll find your way out, but there's no going now  
Every woman and child drags you down for the count  
It's not safe being free, can't give back what you feel  
You said you'll always be in heaven with me
