There better be some changes  
And it better happen today  
Cause all the shit I see  
There's got to be another way  
We need some positive changes  
There's been enough for the worst  
You losers better watch your back  
Because we're taking out the drunks first  
When temptation, pressure come along  
Just remember we're thousands strong  
I've always been sincere,  
For the scene is what I live  
Get the fuck out,  
If you have nothing positive to give

We need the kids who don't use that crutch  
Put down that beer, is it asking too much?  
I found the edge some nine years ago  
I learned I don't need drugs  
I learned to say no  
It's all right to be different from your friends  
Cause we'll always be there in the end!
