He was sad and down and lonely
I really thought that Mike would be the one
Now he's gone
I remember johnny's kitchen
Baby played the guitar all night long
So what went wrong

Bridge:

Thank god that I'm not cynical
Because of love I know that I've become the one I am
and I say

Chorus:

Anyway, anyhow, the sun goes up and down
So don't think loneliness is a consequence of love
That's come and gone cause
Anyone, anywhere no matter who you are
You'll never lose that ones you keep inside your heart
The consequence of love

Rainy days with sweet heart tony
Broken hearts cause we were much too young (too
young)
To hold on
I won't forget my bad boy billy
Lived to fast he was always on the run (on the run)
Too much fun

Bridge:

Thank god that I'm not cynical
Because of love I know that I've become the one I am
and I say

Chorus:

Anyway, anyhow, the sun goes up and down
So don't think loneliness is a consequence of love
The consequence of love

And now I am just a little bit wiser,
A little bit stronger

Bridge:

Thank god that I'm not cynical
Because of love I know that I've become the one I am
and I say

Chorus:

Anyway, anyhow, the sun goes up and down
So don't think loneliness is a consequence of love
Let's come and go, 'cause
Anyone, anywhere no matter who you are
You'll never lose that ones you keep inside your heart
The consequence of love
