

Florence And The Machine **"Cosmic Love"**

Visit "[Cosmic Love](#)" on MotoLyrics.com

A fallen star,
Fell from your heart,
And landed in my eyes,

I screamed aloud,
As it tore through them,
And now it's left me blind,

The stars, the moon,
They have all been blown out,
You left me in the dark,

No dawn, no day,
I'm always in this twilight,
In the shadow of your heart,

And in the dark,
I can hear your heartbeat, I try to find the sound,
But then it stopped,
And I was in the darkness,
So darkness I became,

The stars, the moon,
They have all been blown out,
You left me in the dark,

No dawn, No day,
I'm always in this twilight,
In the shadow of your heart,

Ooooh (x8)

I took the stars from my eyes,
And then I made a map,
I knew that some how,
I could find my way back,

Then I heard your heart beating, you were darkness
too,
So I stayed in the darkness with you,

The stars, the moon,

They have all been blown out,
You left me in the dark,

No dawn, no day,
I'm always in the twilight,
In the shadow of your heart,

The stars, the moon,
They have all been blown out,
You left me in the dark, (you left me in the dark)

No dawn, no day,
I'm always in this twilight,
In the shadow of your heart,

Ooooh (x8)
