[Florence]

Holy water cannot help you now  
A thousand armies couldn't keep me out  
I don't want your money  
I don't want your crown  
See I have to tell you  
I've come to burn your kingdom down

Holy water cannot help you now  
See I've had to burn your kingdom down  
And no rivers and no lakes can put the fire out  
I'm gonna raise the stakes, I'm gonna smoke you out

Seven devils all around me!  
Seven devils in my house!  
See they were there when I woke up this morning  
And I'll be dead before the day is done

Seven devils all around you  
Seven devils in your house  
See I was dead when I woke up this morning  
And I'll be dead before the day is done  
Before the day is done

And now all your love will be exorcised  
And we will find you saints to be cannonized  
And it's an even sum  
It's a melody  
It's a final cry  
It's a symphony

Seven devils all around you  
Seven devils in my house  
See they were there when I woke up this morning  
And I'll be dead before the day is done

Seven devils all around you  
Seven devils in your house  
See I was dead when I woke up this morning  
And I'll be dead before the day is done  
Before the day is done  
Before the day is done

Before the day is done

They can keep me high  
'Til I tear the walls  
'Til I save your heart  
And to take your soul  
What have we done?  
Can it be undone?  
In the evil's heart  
In the evil's soul

Seven devils all around you  
Seven devils in your house  
See I was dead when I woke up this morning  
I'll be dead before the day is done  
Before the day is done
