This damn bean won't jump for you anymore

Jumping bean won't jump for you anymore

Keep on moving

This damn pea won't split for you anymore

Damn shine won't spit for you anymore

Keep on moving, keep on moving

I can't be your jumping bean anymore

I can't be your beauty queen anymore

I won't jump for your team anymore

This damn bush won't burn for you anymore

Beer can won't learn for you anymore

Keep on moving

This damn horse won't buck for you anymore

Damn lips won't suck for you anymore

Keep on moving, keep on moving

I can't be your burning bush anymore

I can't be the one you touch anymore

I won't be the perfect rush anymore

I can't be your jumping bean anymore

I won't be your beauty queen anymore

I can't jump for your team anymore

This damn bean won't jump for you anymore

Jumping bean won't jump for you anymore

Keep on moving

This damn horse won't buck for you anymore

Damn lips won't suck for you anymore

Keep on moving, keep on moving

I can't be your jumping bean anymore

I won't be your krispy kreme anymore

I can't jump for your team anymore

I won't wear that navy bean anymore

I can't be your beauty queen anymore

I won't be your hit machine anymore
