I sleep the day away giving you all I can

Ready to reach new lows dying to wash my hand

You're the one that froze the sun

Say you love me as you pull the trigger

Better today rather than tomorrow

Heaven is in the air hiding behind your blinds

Heaven is right out there leaving me here behind

You're the one that froze the sun

Say you love me as you pull the trigger

Better today rather than tomorrow

You should enjoy the weather

Soon you'll burn with what you've done...

You'll hurt no one
