Huu-hu-ha-ha-yeah
Oh-yeah

The entire world is seeking,
to see what they can find
They let cards tell them their future,
they go through rituals to ask those left behind

They think they are seeing, but in reality they are blind
How can this be?
I'd like to know what's on their mind

The world is searching, they're trying to find you
They believe there must be something,
someone they can rely and hold on to
If they' start believing that what you said was true
they'd realize,
All the pain that you went through

It was you
It was you, who'd pick me up when I'd fall
It was you
It was you, who'd listen when I would call
So instead of looking at the stars for answers
Fix your eyes on the one who made them
It was you, it was you

Aha-yeah-yeah

Ich kann nicht glauben, dass du mich noch siehst
Ich kann es auch nicht glauben,
dass du mich immer wieder zu dir ziehst
Mit meinen Augen kann ich dich nicht sehn
[kann ich dich nicht sehen]
und dennoch weiss ich es:

It was you,
It was you, who'd pick me up when I'd fall
It was you,
It was you, who'd listen when I would call
Viel zu lange habe ich nach dir gesucht und

du hast mich doch schon l?ngst gefunden
du allein
It was you, It was you,
[It was you], who'd pick me up when I'd fall
It was you, It was you,
who'd listen when I would call
So instead of looking at the stars for answers
fix your eyes on the one who made them
It was you, it was you [..was you]

Aha-hmm
Hey-yeah
