The road that we follow has come to an end
Let's not waste our lives here trying to pretend
But I don't want to cause you pain

I know there where good times but you have to admit
There's a piece of this puzzle that won't ever fit
But I don't wanna say that it's you
Take a look in my eyes face the truth

Refrain:

'Cause no words can save us and no love will claim us
Don't you know, don't you know, that's how I feel right
now
And no one can blame us for the heartache love gave
us
Don't you know, don't you know, that's how I feel right
now

We can't win this battle if we fighting ourselves
And we can't say what matters if nothing make sense
'Cause I don't want to say that it's you
Take a look in my eyes face the thruth

Refrain

I know I'll wake up and I know I'll miss you
'Cause I know that we had good times
But this love not gonna make it it's time to let go
That's how I feel right now

It's time to let go, yeah

Refrain
