(Roses are red, my love)

Inside my high school book  
I placed the sweetest rose  
It's right next to your name  
And Heaven knows

(CHORUS)

Long as the rose is red  
And skies are blue  
You'll be my one true love  
I'll go on loving you

I thought I'd lost your love  
My letter set you free  
But in my heart  
I vowed eternally

(CHORUS)

Now that you're back, my love  
I only hope and pray  
That nothing in this world  
Can take your love away

(CHORUS)

She's not my little girl  
She only looks like me  
Throw her a kiss and then  
Pledge faithfully

Long as the rose is red  
And skies are blue  
I'll be your one true love  
And God may bless us two

(Roses are red)
