

Flotsam And Jetsam "Brain Dead"

Visit "[Brain Dead](#)" on MotoLyrics.com

How much time will it take
Till I know how much longer

How many beatings do I have to take
Till I know I am stronger

How much space will it take
Till I know where I am

How many times do I have to do
Before I know I can

How much wasted energy is flowing through your head
How many cells must die before you're legally
Brain dead
How much wasted energy is flowing through your mind
How many cells must die before you're legally
Brain dead this time

How much farther do I have to go
Before I know I'm there

How many tears do I have to shed
Before I show I care

How much brightness can I stand
Before I see the light

How many wrongs must I have to do
Before I get it right

How much wasted energy is flowing through your head

How many cells must die before you're legally
Brain dead
How much wasted energy is flowing through your mind
How many cells must die before you're legally
Brain dead this time

How much space will I waste
Till I know where I am

How many times do I have to do
Before I know I can

How much wasted energy is flowing through your head
How many cells must die before you're legally
Brain dead

How much wasted energy is flowing through your mind
How many cells must die before you're finally dead,
you're finally dead

How much wasted energy is flowing through your mind
How many cells must die before you're legally
Brain dead this time
Brain dead this time
Brain dead this time
