Passage through time  
Leave this place time to erase  
My link to myself  
Leads me astray  
The whole world in my way  
Out of my body, out of my mind  
Out of luck and out of time

Sift through the remains  
Enter this cage-disengage  
Once it was easy  
My best foot forward  
As I trip through the same daily non-existing life I call  
hell

Bloodless, pale  
Another empty shell  
Captured mind details  
As I loath myself  
Can't you see, can't you tell  
Safely assumed, I'm not well  
Cradle me now, teach me how  
Teach me how, cradle me now

Make life not your victim  
Resume your identity but don't overload  
Seek the riches  
Hungry for change, I've got to explore  
Hidden recesses, lost in my mind

Trapped forever doing time

Bloodless, pale  
Another empty shell  
Captured mind details  
As I loath myself  
Can't you see, can't you tell  
Safely assumed, I'm not well  
Cradle me now, teach me how  
Teach me how, cradle me now

Bloodless, pale

Another empty shell  
Captured mind details  
As I loath myself  
Can't you see, can't you tell  
Safely assumed, I'm not well  
Cradle me now, teach me how  
Teach me how, cradle me now

Bloodless, pale  
Another empty shell  
Captured mind details  
As I loath myself  
Can't you see, can't you tell  
Safely assumed, I'm not well  
Cradle me now, teach me how  
Teach me how, cradle me now
