Armour let it through, borne the arboretic truth you kept  
posing  
Sat down in the suit, fixed on up it wasn't you by  
finished closing

Ramble in the roots, had the marvel, moved the proof  
be kneeled fine's  
Glowing  
Storing up the clues, it had it's sullen blue bruised  
through by showing

Settle past a patience where wishes and your will are  
spilling pictures  
Water's running through in the valley where we grew to  
write this this  
Scripture:

Never gonna break  
Never gonna break  
Never gonna break  
Never gonna break  
Not for a part in any gamut of the dark

Doubled in the toes annex it, it minute closed in the  
morning  
Did not lose it in the stack's stow, imma lay that call  
back on ya

You know it won't beseech you, we're laying in an open  
field  
I will let you grow, no need to know this

So carry on my dear, what is clear up in the daylight is  
we're hung here  
Fall is coming soon, a new year for the moon and the  
Hmong here

Never gonna break  
Never gonna break  
Never gonna break  
Never gonna break  
All that it seems

Bellows tracing through the streams

Never gonna break

Never gonna break

Never gonna break

Never gonna break

All at it's seams

Swallows swelling for the beams
