Well, don't leave me, baby
Baby, please don't go

Oh, don't leave me, baby
Baby, please don't go
Well, I thought that you love me
Gal, just same as you did before

Well, you loved me so strong
Standin' in the back door cryin'
Oh, you loved me so strong
Standin' in the back door cryin'

Gal, the way you treat me
About to make me lose my mind

You went with the butcher and the baker
And the candle stick maker
I really ought to send you to the undertaker

Don't leave me, baby
Baby, please don't go
Well, I thought that you love me
Same as you did before

Well, butcher and the baker
And the candle stick maker
All had to serve the undertaker

But don't leave me, baby
Baby, please don't go
Oh, thought that you love me
Same as you did before
