Distortion

Gosh! Guess I'm kind of sleepy too!
I think I'll climb aboard that very special choo-choo
train...
Why don't you join us on our trip to lullaby land
I think it's about to leave
Are you ready

Distortions
Sweeps me
Distortions
Sweeps me
Distortions
Sweeps me

Distortions
Distortions
Distortions
Sweeps me

Distortions
Sweeps me...

Our little train trip to lullaby land is nearly over
Shall we go again tomorrow night
And the next night
And the next
Mind if I come along too
Before I say goodnight
Here's a very special lullaby I wrote especially for you

Sleepyhead, sleepyhead
Time to go to sleep
Now go on in your bed
Sleep my sleepy head
