"Keep On"

Come on and make a wish
I don't want to know
I want to see this love
You might as well let go
I want to feel like this
There's something in your eyes
Might be my twisted mind
I think it's paradise
Come on and make a wish
Before the sun goes up

I want to see this love
We might as well let go

You said my life would leave my heart in a deadly spin
So why don't you come on, baby?

Come on and catch my kiss
It's flying low
I want to see this love
We might as well let go
