Hello?

Go ahead man

Yeah, I'd just like to say

Let's have some music now, huh?

Ok

Ooh, Ooh

The only time I feel alright

The only time I feel alright

The only time I feel alright

Is by your side

The only time I feel alright

The only time I feel alright

The only time I feel alright

(Is by your side)

I'm not content to be with you in the daytime

Girl I want to be with you all of the time

I believe that you and me last forever

Oh yeah, all day and nighttime yours, leave me never

I'm not content to be with you in the daytime

All of the day and all of the night

Girl I want to be with you all of the time

All of the day and all of the night

I believe that you and me last forever

All of the day and all of the night

Oh yeah, all day and nighttime yours, leave me never

The only time I

The only time I feel alright

The only time I feel alright

The only time I feel alright

Is by your side

The only time I feel alright

The only time I feel alright

The only time I feel alright
Is by your side

Girl I want to be with you all of the time
All of the day and all of the night
Girl I want to be with you all of the time
All of the day and all of the night
Girl I want to be with you all of the time
All of the day and all of the night
Girl I want to be with you all of the time
All of the day and all of the night
All of the day and all of the night
All of the day and all of the night
All of the day and all of the night
All of the day and all of the night
All of the day and all of the night
All of the day and all of the night
All of the day and all of the night
All of the day and all of the night
All of the day and all of the night
