When I see you  
I've been wasting all my time to tell you  
Oh, when I meet you  
I've been waiting all my life to leave you

But when I'm down again  
And I'm all alone  
And when my head spins round  
And I'm feeling small

And when I'm down again  
And I'm all alone  
And when my head spins round  
And I'm feeling small

Won't you believe me  
If I told you that I tried all I could  
Would you deceive me  
If I chose to leave it all up to you

But when I'm down again  
And I'm all alone  
And when my head spins round

And I'm feeling small

And when I'm down again  
And I'm all alone  
And when my head spins round  
And I'm feeling small, oh

When I see you  
Would I dare to leave it all behind

It could be have and hold  
If you'd see  
It could be all I'd need  
If you'd be here

If you'd be here  
If you'd be here, ohh
