Sleeping beauty
Where have you been
You should know
IÃfÂ, 'm counting on you here

Feels like clouds beneath your wings
It is night, you see it as it is
It is dark, have mercy on us all
You should know
IÃfÂ, 'm counting on you here

His kiss
His kiss
His kiss
His kiss of spring
His kiss of spring
His kiss of spring
His kiss of spring
His kiss...

LetÃfÂ, 's talk about the weather
And the snow
Falling from the heavens like crystal feather
The power of the powder
The silence screams louder
I feel cold
This is a nation on hold
ItÃfÂ, 's the chill
Without the thrill

IÃfÂ, 'm waiting for spring to come to my kingdom
Come to my kingdom
IÃfÂ, 'm waiting for spring to come to my kingdom
Come to my kingdom

I manage to get down to the coffee shop
ItÃfÂ, 's the big freeze, I feel like a pork chop
Jesus itÃfÂ, 's cold, must be a million below
Nowhere to go, and the snow still falling
EverythingÃfÂ, 's gone white
Still nothing looks bright
ThereÃfÂ, 's no signs of daylight

Every day is like an eternal night
IÃfÃ, 'm out of here soon

I might be back in June
ItÃfÃ, 's the chill
Without the thrill
ItÃfÃ, 's the chill

IÃfÃ, 'm waiting for spring to come to my kingdom
Come to my kingdom

His kiss
His kiss
His kiss
His kiss of spring
His kiss of spring
His kiss of spring
Spring
His kiss of spring
His kiss

ItÃfÃ, 's the chill
Without the thrill
ItÃfÃ, 's the chill

IÃfÃ, 'm waiting for spring to come to my kingdom
IÃfÃ, 'm waiting for spring to come to my kingdom
You should know
IÃfÃ, 'm waiting for spring to come to my kingdom
IÃfÃ, 'm counting on you here
His kiss of spring
His kiss
IÃfÃ, 'm waiting for spring to come to my kingdom
His kiss of spring
IÃfÃ, 'm waiting for spring to come to my kingdom
His kiss of spring
ItÃfÃ, 's the chill
Without the thrill
IÃfÃ, 'm waiting for spring to come to my kingdom
To my kingdom
