I'm with you  
But sometimes your heart is not with me  
I'm with you  
But sometimes I can't see  
I'm with you all day long  
But you're thinking about somebody whom I don't care  
Yes, I care

I hear you  
You sound like you do not want to share  
I hear you  
Looking for a chance to run  
I hear you I hear you all  
You are thinking about something  
Which you'll never get back

Too scared to ask you  
Love you much too much  
Too weak to say that I don't need you no more  
"Are you sure you're with the one you love?"  
You'll never know till the pain

I'm with you  
Whatever you say, I'm with you  
I hurt you and you hurt me  
This is just how we are  
Tried to stop this and let you go  
But there's something about you  
To touch me and hold me back

Too scared to ask you  
Love you much too much  
Too weak to say that I don't need you no more  
"Are you sure you're with the one you love?"  
You'll never know till the pain

I'm with you  
Are you with me?  
Are you sure?  
Are you sure?
