Kumo no kirema ni nozoku sunshine
Naze ni hito wa uso o tsuku no taiyou no moto
Kokoro wo nigoraseru jealousy
Please don't stir the fire
Omoeba omou hodo zankoku ni naru no

*When I hold you in my arms
All the secrets are revealed
When I hold you in my arms
It's warm and cold like the ocean

Shio no nagare o niramu surfer
Naze ni hito wa mucha o suru no
Like you have nothing to lose
Kodoku to wa kakusu to iu koto kakusareru koto
Asa made dakishimeta omou yori mo tsuyoku

Repeat *

When I hold you in my arms
I feel torn and relieved
When I hold you in my arms
It's warm and cold like the ocean
Like the ocean
Like the ocean
It's warm and cold like the ocean
