"Pins And Needles"

Visit "[Pins And Needles](#)" on MotoLyrics.com

The days and nights are growing longer since first you
said that we must part
And somehow I just can't forget you I've got pins and
needles in my heart
I know not where on earth to find you I don't know how
or when to start
I only know I'm here without you and there's pins and
needles in my heart

I always see your face before me your smile is
heaven's work of art
But now you're smiling at another and there's pins and
needles in my heart
I know not where on earth to find you...
