Baby baby, you say I've got everything,
But I don't think I do.
Baby baby, you don't understand,
I'm so scared, I'm so scared.
Baby, you say I'm living a lie.
If it's true, it ain't my fault.
If you were a millionaire,
And I were sleeping on the street,
Would you have taken me in, baby?

Hate the weakness and love the toughness,
So simple is your life.
I show my crying, which's only to you.
That is me, true to me.
An anti-hero has big ego and wants some placebo.
You wonder if you know me
But I'm not two-faced.
I just want you to love me all, baby

Leo wants to cry.
My Leo wants to cry.
Here's the tears for Leo.
He's got to cry.

You are such a lion, I'm a mouse instead,
Though I need to be a lion abroad.
I run to you before I run to myself
'Cuz you make me feel safe.
It's a piece of cake.
You scream while I'm meek.
Do you ever cry for us?
I'm scared to show my strength,
Like you're ashamed to cry.
Tell me how to hold yourself, baby.

Leo wants to cry.
Leo wants to cry.
Leo wants to cry.
He doesn't dare to cry.
