Ah yes  
I remember too well  
How hard  
I tried avoiding your spell

It was a cold October night  
It was a far from sober night  
And I was taken at first sight  
And this was much to your delight

I'd heard that you were looking for prey  
Hungry for a different girl everyday  
But you were so sly in coming in I wouldn't fight, I let  
you win  
All of the blood upon your chin told me exactly where  
you'd been

Trouble trouble  
Troublemaker

Who would have thought I'd ever let somebody get to  
me  
Who would have thought I'd ever give a damn  
I gave to you the one thing that I can never retrieve  
And I am leaving my heart bleeding in my hands

You told me all about your dreams  
You were so deep, or so it seemed  
Although I'm young, I'm not naive  
I am not easy to deceive

I see the danger that lies beyond your eyes  
And I wanna scream when you're rubbing on my thighs  
I know I should but I can't say no, I won't  
Troublemaker, gotta let you go, ooh

Trouble trouble  
Troublemaker

Who woulda thought I'd ever let somebody get to me  
Who woulda thought I'd ever give a damn  
I gave to you the one thing that I can never retrieve

And you're leaving my heart bleeding in my hands

I thought I knew you well  
I thought you'd catch me if I fell  
But when I fell you never came  
That's when I knew this was a game

I thought, because I knew that I'd won  
But honey, that's easier said than done  
'Cause I lose my breath when you're kissin' on my neck  
Boy, you've got me in check, but I haven't lost yet

Trouble trouble  
Trouble trouble  
Troublemaker troublemaker  
Don't you bring it 'round  
Don't you bring it 'round  
Don't you bring it 'round here

Trouble trouble  
Trouble trouble
