I just received your letter oh I've waited darling for so  
long to hear from you  
And you say you love me but you want to know dear if  
I've been untrue to you  
Yes I love you only and I've been so lonely dear I've  
waited for so long  
No there's been no other for no one could ever make  
me feel the way you do  
[ steel - ac.guitar ]  
Please come home and get me take me with you next  
time  
When you say you'll be ocean blue  
I'm so wild about you I can't live without you don't you  
feel the same way too  
Yes I love you only...  
Yes I love you only...
